

# AI ROADSHOW WEBINAR

## AI Roadshow Webinar for Universities

As intelligent technology systems continue to evolve and expand, it's important to learn how we can harness the power of AI to solve common business issues and aid in our productivity.

Let us introduce you to Microsoft "AI Roadshow Webinar" delivered by our partner Global Brands, a captivating and informative session into the domain of AI, designed to bring you valuable insights into the cutting-edge world of artificial intelligence.

Join our session to explore the limitless possibilities and transformative potential of AI Adoption use cases, while discovering how Microsoft's AI technologies are revolutionizing the Education industry and driving impactful change across the globe.

Whether you're looking to enhance your skills, stay up to date with the latest trends and technologies, or simply explore the potential of AI in Universities, our session has something for everyone.

### Agenda Highlights:

- Intro to Data & AI
- A deep dive in AI Adoption use-cases for universities.
- AI Services & Capabilities for different departments like (HR, Marketing, Call Center)
- Overview on Azure AI Services and new technologies (Copilot, OpenAI, Fabric)
